

Help Archangel Michael Greek Orthodox Church Remain a Beautiful Place of Worship with your “Spare Change”!

RoundUp App (be careful not to confuse with the pest spray) is a donation program that YOU control. It is set up from a smart phone or computer. The intent is to donate the ‘change’ by rounding up to the next dollar when you make a purchase using a designated payment method, *no matter where the purchase is made*. For example, a \$10.79 purchase made at a gas station or a boutique, would donate 21 cents to the church, and it takes only 10 minutes to set up!

Set up Choices

1. Scan this code to go directly to the right place

2. **Smartphone Set Up:** Open your play store app and search for RoundUp App. Download the app, install, open. Having the App on your phone is very convenient, but you can do it from a computer.
3. **PC Set Up:** Simply put roundupapp.com in the address field, enter, open
4. **Use our church website!** You can go to the fundraising page on our website from your phone or computer and click on the link to go directly to the right place to continue

However you choose to open up RoundUp, these things are needed:

- 1. Create your Account and Tell the App How You Want to Donate.** The following steps will come up, but the order might vary
 - a. Create Account:** You have to create an account just like signing in to any other online service.
 - b. Select Your Charity:** Greek Orthodox Community of West Central Florida, Lecanto, FL or may show as PO Box 241, Inverness, FL 34451

- c. **Connect to your bank:** Select the bank that manages the credit card you want to use for donations. You will be prompted to sign into your online banking account. It's a secure process. If that bank has other accounts, you are able to choose which ones to use for RoundUp. For example:
 - i. I chose a credit card to make donations, but when I connected to the the bank that manages that card, it's the same bank that manages my checking and savings accounts. I decided to add that checking account too. Now my debit card and credit card do the RoundUp. BUT IT'S YOUR CHOICE. You are in control of everything.
 - d. **Select the parameters:**
 - i. You can select a minimum or maximum you want to donate , or let it run solely from purchases
 - ii. You can select how to handle 'even' purchases. For example, a \$5.00 payment can equal a \$0 donation or a \$1 donation.
 - e. **Monitor as you wish:** RoundUp App will email you monthly receipts, or you can look at every separate transaction anytime you want to. It's all there for you to see.
2. **Review or Change As Desired:** Just log in to your RoundUp app account to look at your selections, make changes, or review totals donated. OR- set it up and let it go until something changes with the card (new card, new expiration date) you have on file.
